PLANNED MAINTENANCE

Consistent, reliable, high quality work across our service network of EV authorized dealerships.

- Complete PM coverage for high voltage and chassis components
- Extensive protection coverage on wear components
- Comprehensive annual multipoint vehicle inspection

SERVICE EVENT ORCHESTRATION

Dedicated resources to managing and expediting your service and repair events including:

- Review repair history and identify open campaigns or calibration updates with the service location.
- Coordinate technical and field support and facilitate expedited parts shipments when needed
- Help facilitate timely communications and service progress updates to keep you informed

Speak with your sales representative about available coverage term options.

PROACTIVE SERVICE PLANNING

Our team will use remote vehicle health and performance data to support you in planning service events.

- You will receive communication in advance of upcoming service and maintenance needs
- We will coordinate with you to schedule service at a time and location that minimizes disruption to your operations
- This proactive approach can lead to FEWER and FASTER service events during your ownership cycle

SERVICE CONTRACT COVERAGE

- Battery coverage: high voltage battery protection to 70% state of health, workmanship and defects
- ePowertrain coverage: all high voltage powertrain components
- Chassis coverage: Same areas of coverage as diesel-powered MV series, including basic vehicle high voltage components
- Towing coverage: up to \$1,100 reimbursement per incident due to warrantable failures
- Guaranteed \$0 deductible, 100% parts and labor, and no claims maximums

**INTERNATIONAL
FINANCIAL**

These service contracts are available at no financing cost. Ask your dealer about a payment program through International® Financial.
